

Academie Da Vinci
presents....

A DINO-Soarin' Adventure!

Kindergarten- Third Grade
Spring Show

Wednesday May 13th
2pm
Dunedin Community Center

Directors' Note

We look forward to embarking on a journey to the past as Academie Da Vinci presents our K-3 Show, "A Dino-SOARIN' Adventure, but watch out... you may find a dinosaur lurking about! During our study of the dinosaurs, our students learned that these ginormous creatures lived 65 million years ago and more! From the terrifying Tyrannosaurus rex to the gentle three-horned triceratops, we found that some dinosaurs were meat eaters - or carnivores - and that others were herbivores who ate plants! Though dinosaurs could be large, there were many small creatures too, such as the Velociraptor who weighed around thirty pounds! The Apatosaurus soared above at staggering heights while the Pterosaurs flew through the skies! Dinosaurs could have small arms or large ones, and some walked on four feet while others stood on two! Our stegosaurus friends had large plates along their backs and a spikey tail while the Ankylosaurus had an entire armor covering its body and a hammer-like tail! Though we're not sure exactly what happened to the dinosaurs, students learned many theories surrounding their disappearance, such as asterioids, volcanic activity, and climate change! We also imagined what it would be like if these dinosaurs were alive today, and envisioned which dinosaur we would want to be and why! With so many different prehistoric pals - and a variety of singing and dancing styles - it's hard not to love learning about the dinosaurs through creative movement and song!

Mrs. Lumia and Mrs. McPherson would like to thank the arts teams members, Mrs. Ziegenhorn for her creativity and time in creating props, Mr. Orlando for guidance and inspiration, our wonderful administrators Mrs. Brown and Mrs. Bartelloni, Senora Cruz for her artistic contributions, and our teachers and staff for all of their assistance these past few weeks in helping our students prepare! A special thank you to Mrs. Oglesby for her assistance and teamwork with our special guest, T-Rex. We hope you enjoy traveling back with us today, and watching our students shine on stage as they present both their knowledge and their creativity about the dinosaurs. And afterall, you can't spell ADventure without A-D-V!

Show Order

Script Written by Sally McPherson

**1. Rip-Roaring Dinosaurs - Jill and Michael Gallina
-Mrs. Boone's 2nd Grade Class**

**2. Pterosaur - Teresa Jennings
-Mrs. Pichette's 3rd Grade Class**

**3. I'm a Dinosaur - Tom & Lynn Crowell
-Mrs. Murphy's Kindergarten Class**

**4. Triceratops - Jill and Michael Gallina
-Mrs. Deuell's Kindergarten Class**

**5. There's a T-Rex in the Neighborhood - Teresa Jennings
-Mrs. Okoniewski's 2nd Grade Class**

**6. Velociraptor - Jill and Michael Gallina
-Mrs. Swain's 1st Grade Class**

**7. If You See a Stegosaurus Walking Down the Street - Jill and Michael
Gallina
-Mrs. Hansen's 1st Grade Class**

**8. It's Up to Us -Teresa Jennings
-Mrs. Tiso's 3rd Grade Class**

Muchas gracias, Senora Cruz, por su inspiracion, tiempo y pasion.

**9. Walk the Dinosaur - Randy Jacobs, Was (Not Was), and ABC Kids
3rd Grade Drum Line:**

**Everly Farley, Margaret Fisher, Tripp Kinkopf, Dean Neal, Gianna Parrado-
Saldana, Evanya Ponraj, Owen Rehman, Karolina Reyes**

3rd Grade Solo Dancers:

**Kimberly Bohnert, Kennedy Cutcliff, Mirella Diaz, Rylie Lohr, Henley Price,
Robyn Rowe, Evangelina Stafievksa, Serenity Streater**

DINOSAUR GLOSSARY

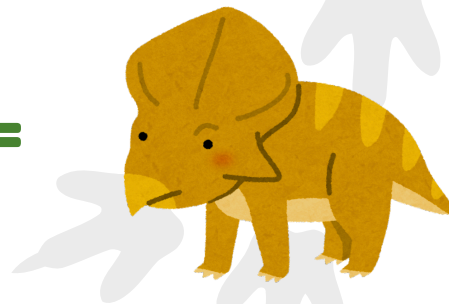

Pterosaur =

Stegosaurus =

Triceratops =

Tyranosaurus Rex =

Velociraptor =
